Schedule and Lectures

Educational Objectives

This workshop has been designed to provide participants with a comprehensive overview of the surgical anatomy and techniques for functional and cosmetic rhinoplasty and nasal soft tissue reconstruction. More experienced surgeons will have the opportunity to enhance their skills while novice surgeons and residents will acquire the basic knowledge and skills needed for nasal surgery. The course will emphasize a hands-on approach in the laboratory with two surgeons assigned to each cadaver station. By completing this workshop the participant will learn and have hands-on practice with the most current techniques for the following:

- Reduction Rhinoplasty
- Augmentation Rhinoplasty
- Revision Rhinoplasty
- Nasal Base Surgery
- Twisted Tip
- Grafts and Implants in Nasal Surgery
- Soft Tissue Reconstruction of the Nose
- Chin Implant and other Adjuncts to Rhinoplasty

Continuing Education

Faculty Disclosure Policy

It is the policy of Saint Louis University School of Medicine to insure balance, independence, objectivity and scientific rigor in its continuing medical education program. Faculty participating in these activities are required to disclose to the audiences prior to the activity the following: (1) The existence of any significant financial or other relationship with the manufacturer of any commercial product or provider of any commercial service discussed. (2) Their intention to discuss a product that is not labeled for the use under discussion. (3) Their intention to discuss preliminary research data.

Validation of Content

Saint Louis University School of Medicine follows the ACCME policy of Validation of Content for CME activities which requires that

- All recommendations involving clinical medicine must be based on evidence that is accepted within the profession of medicine as adequate justification for their indication and contraindications in the care of patients.
- All scientific research referred to, reported or used in CME in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection and analysis.

Saint Louis University School of Medicine will review this activity's disclosures and resolve all identified conflicts of interest, if applicable.

Continuing Education

Saint Louis University School of Medicine designates this educational activity for a maximum of *15.75 AMA PRA Category 1 Credit(s)TM*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This course has been designated as Level 1 (Verification of Attendance) of the AMA's Credit Designation for New Procedures and Skills. Completion of this course does not certify the participant in their proficiency of the skills.

The American Medical Association has determined that physicians not licensed in the US who participate in this CME activity are *eligible for AMA PRA Category 1 Credit(s)TM*.

Accreditation

Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
