NOVEMBER 6-8, 2009

SCHEDULE and LECTURES

FRIDAY, NOVEMBER 6, 2009

7:00 am	Registration and Continental Breakfast	
7:30 am	MALE PATTERN BALDNESS	<i>J. Greco</i>
8:00 am	ANESTHESIA CONSIDERATIONS FOR HT	<i>V. Elliott</i>
8:30 am	HAIRLINE DESIGN	<i>W. Parsley</i>
9:00 am	DONOR HARVESTING AND TRICHOPHYTIC CLOSURE	<i>V. Elliott</i>
9:30 am	Break and Exhibits	
10:00 am	RECIPIENT SITE CREATION	<i>S. Lam</i>
10:30 am	PHASE I TRAINING FOR HT ASSISTANTS	<i>E. Karamanovski</i>
11:00 am	PHASE II TRAINING <i>Graft Dissection</i>	<i>M. Parsley</i>
11:30 am	Lunch and Exhibits	
12:30 pm	Physician Hands-On Cadaver Lab Sessions	<i>All Faculty</i>
12:30 pm	Donor Harvest and Closure	
2:00 pm	Recipient Site Creation	
3:30 pm	Hairline Design	
	Assistant Hands-On Cadaver Lab	<i>Assistant Faculty</i>
12:30 pm	Phase I Assistant Training – Foam Models	
2:30 pm	Phase II Assistant Training – Graft Dissection on Tissue	
4:30 pm	Adjourn	
7:00 pm	Social Event	

SATURDAY, NOVEMBER 7, 2009

7:00 am	Sign-In and Continental Breakfast	<i>E. Epstein</i>
7:30 am	HISTORY OF HAIR RESTORATION	<i>J. Cooley</i>
8:00 am	SCALP DERMATOLOGY AND PATHOLOGY	<i>V. Elliott</i>
8:30 am	MEDICAL MANAGEMENT FINASTERIDE/MINOXIDIL	<i>E. Karamanovski, D. Stewart</i>
9:00 am	SETTING UP YOUR OFFICE	
9:30 am	Break and Exhibits	
10:00 am	CONSULTATION	<i>J. Cooley</i>
10:30 am	MARKETING	<i>W. Parsley</i>
11:00 am	PHASE II TRAINING <i>Graft Placement</i>	<i>T. Lardner</i>
11:45 am	Lunch and Exhibits	
12:30 pm	Physician Hands-On Cadaver Lab Session	<i>All Faculty</i>
	Recipient Site Creation and Hairline Design Workshop <i>continued</i>	
	Assistant Hands-On Cadaver Lab	<i>Assistant Faculty</i>
	Phase II Assistant Training – Graft Dissection and Graft Placement	
4:30 pm	Adjourn	

SUNDAY, NOVEMBER 8, 2009

7:00 am	Sign-In and Continental Breakfast	
7:30 am	THE DILEMMA OF THE YOUNG PATIENT	<i>E. Epstein</i>
8:00 am	THE FEMALE PATIENT	<i>J. Cooley</i>
8:30 am	THE ETHNIC PATIENT <i>Asian, Hispanic, Middle Eastern, African</i>	<i>S. Lam</i>
9:00 am	DIFFICULT CASES	<i>J. Cooley, E. Epstein, W. Parsley</i>
9:30 am	Break	
10:00 am	COMPLICATIONS, PREVENTION, MANAGEMENT	<i>V. Elliott</i>
10:30 am	SCALP REDUCTIONS, EXPANSIONS, EXTENSIONS	<i>E. Epstein</i>
11:00 am	BODY HAIR AND FOLLICULAR UNIT EXTRACTION	
	<i>Current Thoughts</i>	<i>W. Parsley</i>
11:30 am	PLATELET RICH PLASMA AND ANCILLARY TREATMENTS FOR HT	<i>J. Greco</i>
12:00 pm	FUTURE OF HT, TISSUE ENGINEERING, HAIR CLONING	<i>J. Cooley</i>
12:30 pm	WORKSHOP ADJOURNS – <i>Boxed Lunch To Go</i>	

CONTINUING EDUCATION

FACULTY DISCLOSURE POLICY

It is the policy of Saint Louis University School of Medicine to insure balance, independence, objectivity and scientific rigor in its continuing medical education program. Faculty participating in these activities are required to disclose to the audiences prior to the activity the following:

- (1) The existence of any significant financial or other relationship with the manufacturer of any commercial product or provider of any commercial service discussed.
- (2) Their intention to discuss a product that is not labeled for the use under discussion.
- (3) Their intention to discuss preliminary research data.

VALIDATION OF CONTENT

Saint Louis University School of Medicine follows the ACCME policy on Validation of Content for CME activities which requires that:

- All recommendations involving clinical medicine must be based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.
- All scientific research referred to, reported or used in CME in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection and analysis.

Saint Louis University School of Medicine will review this activity's disclosures and resolve all identified conflicts of interest, if applicable.

GENERAL INFORMATION

WORKSHOP LOCATION

This workshop will be conducted at the PASE Learning Center located at 3839 Lindell Blvd., St. Louis, MO 63108-3413.

CANCELLATION POLICY

Cancellations received three weeks prior to the course will be refunded less a 10 percent processing fee. The conference is not responsible for travel expenses incurred. In the event the conference is cancelled, the tuition fee and flight transfer fee (*original receipt required*) are reimbursable.

PLEASE NOTE

If you have NOT received confirmation of registration prior to your departure, contact Practical Anatomy. Registration cannot be processed until full payment is received. Practical Anatomy is not responsible for expenses incurred by individuals who are not confirmed and paid-in-full.

ACCOMMODATIONS

For the convenience of our attendees, a block of discounted rooms has been set aside at the following hotels. Shuttle transportation will be provided between the hotel and workshop site each day.

The Ritz-Carlton, Saint Louis – \$145 Deluxe Accommodations

1000 Carondelet Plaza, St. Louis, MO 63105
Phone: (314) 863-6300 Fax: (314) 863-7486
Website: <http://www.ritzcarlton.com>

Seven Gables Inn – \$125

26 North Meramec, St. Louis, MO 63105
Phone: (314) 863-8400 Toll Free: (800) 433-6590 Fax: (314) 863-8846
Website: <http://www.sevengablesinn.com/>

Water Tower Inn at Saint Louis University – \$75

Please mention "Practical Anatomy" to receive discount
3545 Lafayette Ave., St. Louis, MO 63104
Phone: (314) 977-7500 Fax: (314) 977-7505
Website: <http://www.slu.edu/events/wti.html>

For information on alternative hotels, contact the Course Coordinator.

Make reservations directly with the hotel. Room reservations are NOT made through the Practical Anatomy office. **Do not make airline reservations until you have received written confirmation of placement in the workshop.**

SOCIAL EVENT

A social event is planned for Friday, November 6, 2009. Participants are welcome to enjoy this special time to visit with fellow participants, faculty, and vendors at no additional cost. If you wish to bring a guest there will be an additional charge. Transportation will be provided to and from the social reception from the course hotels.

CONTINUING EDUCATION

Saint Louis University School of Medicine designates this educational activity for a maximum of 19.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This course has been designated as Level 1 (Verification of Attendance) of the AMA's Credit Designation for New Procedures and Skills. Completion of this course does not certify the participant in their proficiency of the skills.

The American Medical Association has determined that physicians not licensed in the US who participate in this CME activity are eligible for *AMA PRA Category 1 Credit(s)*[™].

ACCREDITATION

Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

EDUCATIONAL OBJECTIVES

This hands-on, cadaver and model workshop is intended to instruct both the physician and the hair transplant technician team in a unique and practical way that is not being currently offered in the marketplace. In addition, extensive didactics are presented by leaders in the field of hair restoration on all major topics concerning hair transplantation including scalp anatomy and pathology, medical management with finasteride/minoxidil, hairline design, donor harvesting and closure, recipient-site creation, graft dissection and placement, among many other topics. This course should provide the fundamental knowledge and technique for the starting physician and his/her team to perform hair transplant safely and aesthetically.

The major goal of this conference is to teach a diverse discipline of physicians and assistants how to perform safe hair transplant surgery through the following avenues:

- Distinguish when to perform and when not to perform hair transplant surgery through knowledge of scalp disorders and other conditions that can be unsafe to do surgery, identify the nature of male pattern baldness and its progressive nature, along with being able to explain the safety in avoiding transplants in very young patients.
- List supportive FDA-cleared medical management (finasteride and minoxidil) and their roles with or without hair transplant surgery.
- Perform safe and aesthetic hair transplant surgery by covering safety of anesthesia, female and ethnic considerations, hairline design, donor harvest and closure, recipient site creation and postoperative care along with management of complications.
- Identify alternative methods for hair transplant including the role of follicular unit extraction and body hair transplant, scalp reductions/expansions/extensions.
- Conduct training for hair transplant assistants and surgeons alike in proficiency in graft dissection

and placement techniques, which are critical skills for any successful transplant surgery and fostering the needed teamwork between every team member.

- Build on all of the above in theory but to engage in practical and intense cadaver lab experience with seasoned hair transplant surgeons and assistants to master the techniques through personalized hands-on training.
- Define the latest advances in hair restoration including hair cloning/tissue engineering and the use of platelet rich plasma.
- Adopt an effective office and surgical environment by discussing surgical set up, consultation and marketing.

MISSION STATEMENT: Practical Anatomy and Surgical Education, Center for Anatomical Science and Education, Saint Louis University School of Medicine, is dedicated to the development and presentation of innovative medical health and science workshops. Practical Anatomy strives to promote the concept of lifelong learning by utilizing the latest technology to connect young people, residents, healthcare professionals and surgeons, to world-class experts and faculty.
